

Stacey Fish Artist

“I love drawing pictures. When it comes to painting I know what colours I want; my favourite colour is purple”.

My name is Stacey Fish and I'm an artist.

As a former member of Artists First, I have exhibited and sold my work for many years. My work can be seen on several websites: www.artistsfirst.org.uk www.outsidein.org.uk and on Instagram [@beyondartistsfirst](https://www.instagram.com/beyondartistsfirst)

I have taken part in many workshops and exhibition talks and have made films as part of Artists First. If you visit the Artists First website, you can see and hear me talk about my work and why art has always been important to me.

Through Artists First, my work has been chosen to be part of the National Disability Art Collection and Archive www.ndaca.org.uk , something I'm really proud of.

If you want to find out more about my work, commission or buy my art please contact: apharris58@outlook.com for further details.

“Stacey sense of colour is unfettered by convention. She knows exactly the hues she wants to use to produce her vibrant compositions, and this has become central to her portfolio.

Her choice of subject matter is born out of that self, aka an openness and desire to produce *her* art.

Stacey has so much to bring to the art world and long may she do so.

Andrew Harris

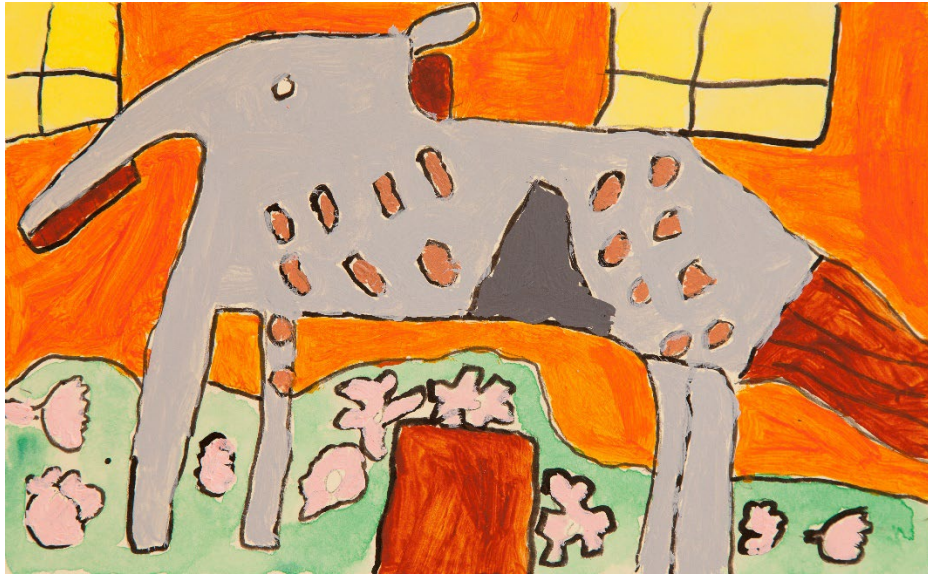

Arts Coordinator & Co-founder of Artists First
